

Velox Custom Product Order Form | Reference Guide

Offering a full range of custom models and styles for Opn 1, 2, 3 and Siya 1 and 2 there is a custom product for all your patient's needs.

In addition to size and standard custom options, the Velox Custom Portfolio offers wireless and streaming choices — including ear to ear wireless (NFMI) and ear to ear wireless + Bluetooth (2.4 GHz).

How to Choose:

Invisibility

Choose an IIC or CIC for optimal discreetness, offered as Non-Wireless models only.*

(NFMI) Ear to Ear Wireless

Choose a CIC, ITC, HS or FS for enabling binaural instrument communication, maximizing Oticon's audiological features.* Wireless programming not available with NFMI only devices.

Bluetooth (2.4 GHz) + NFMI

Choose a HS or FS for direct Bluetooth streaming to both ears and binaural instrument communication, fully compatible with all connectivity devices including Connector, Remote Control 3.0, Phone Adapter 2.0, and TV Adapter 3.0. Free form openings, takes advantage of space to ensure largest vent possible.

*Connectivity accessories, including remote control, are not available.

Getting the Fit Right - It Starts with the Impression

Be sure to provide an impression with a full concha and helix area and a canal past the second bend regardless of the model selected.

Vents are calculated in Genie 2 unless otherwise specified in the "Vent Size" or "Special Instruction" section on the order form.

Warranties

Warranty Terms
